

Name, surname: E.G.... Class III BACC

Subject: Maths School: IP "F. Datini", Prato

English Version

The model is an associative image which shows the comparison of some notion, process or phenomenon of science or mathematics with some every day or natural object, process or phenomenon.

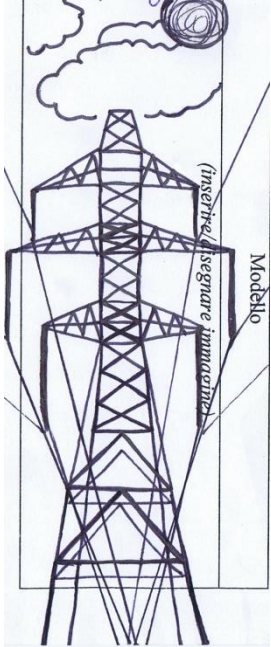

Notion, process or phenomenon	Electric power trasmission
Definition or explanation	Electric-power transmission is the bulk transfer of electrical energy, from generating power plants to electrical substations located near demand centers.
Model	
Description of the model	Electric power trasmission is the intermediate trasmission between the production and the distribution of electric power itself. To do this a high voltage trellis is needed. This tool is like a parabola with $b=0$

Versione Italiana

Il modello è costituito da un'immagine che mette a confronto una nozione, un processo o un fenomeno scientifico o matematico con qualche oggetto, processo o fenomeno della vita di ogni giorno

Nozione processo o fenomeno	Tralicci alta tensione
Definizione o spiegazione	Struttura metallica costituita da un intreccio di tubi destinata a sostenere qualcosa
Modello	
Descrizione del modello	Questa struttura ha la stessa forma di una parabola $b=0$,
